PIPES & FITTINGS

Spreading Joy
Enhancing Lives

**A Complete
Sanitation System**

UV Stabilized

DUTRON – a well-established brand in the field of plastic pipes & fittings since last 4 decades, always understand customer needs and accordingly continues its endeavor to deliver superior products to customers through their research & development and are always committed to its excellence.

DUTRON – SWR SANITATION SYSTEMS consisting wide range of Pipes – 75mm, 90 mm, 110mm & 160mm conforming to IS:13592:2013, and Fittings are most ideal for Soil, Waste, Vent, Sewer & Rainwater Drainage applications.

“**DUTRON**” uPVC SWR Fittings are manufactured from perfect raw materials and moulded from precisely carved moulds on high tech State-of-art Injection Moulding Machines, under strict quality check at all levels, which guarantees best quality products and value for money. Smooth inside surface of “**DUTRON**” SWR Pipes & Fittings

ensures superior flow characteristics, and no clogging and drain choke-up.

- “**DUTRON**” SWR Pipes conform to IS:13592:2013 and the fittings are made as per international standards
- Pipes and Fittings are available in four different sizes 75mm, 90mm, 110mm and 160mm. Pipes are available in different length to suit various needs, in single or double socket
- Most ideal for outdoor applications being UV resistant
- Pipes and Fittings are available in two choices – Self Fit (Solvent Cement Jointing) OR Ring Fit (Rubber Ring Jointing)
- Light weight yet durable compared to AC Pipes.
- Easy Installation
